“ Quando mi alzavo per andare a scuola o al lavoro mi dovevo mettere un paio di scarpe vecchie che poi ad un certo punto della strada appendevo a un ulivo e ne mettevo un altro paio per arrivare a scuola oppure a Teramo dove lavoravo.

When I got up to go to school or work I had to wear a pair of old shoes and then at some point along the street I would hang them on an olive tree and put on a newer pair, that I would wear at school or in Teramo, where I used to work.”

GIULIO PEDICONE
Fondatore/ Founder

Sono le parole di un uomo appassionato che con carattere e motivazione ha cambiato la propria condizione di origine. Un percorso virtuoso che da semplice operaio lo ha portato ad essere imprenditore di successo, curioso ed instancabile. I pochi mezzi a disposizione non furono un limite, ma uno stimolo costante.

These are the words of a passionate man who changed his condition of origin with character and motivation. A virtuous path that from a simple worker led him to be a successful, curious and tireless entrepreneur. The few means available were not a limit, but a constant stimulus.
